

Painting in the Vineyard

with Louise Lambert

@ St Hubertus Vineyards

Painting made easy with the inspiring Vineyards of the Okanagan. Plein Aire (literally 'in the open air') painting is motivational and rewarding. Painting outside allows you to see the true colours and forms that a photograph can never provide. You will have the opportunity to observe a demonstration in soft pastels and then create your own. Louise is a professional artist and is approachable, eager to share her knowledge, patient and encouraging with her fellow artist. Some experience preferred. Working in a medium of your choice, soft pastels, watercolour or acrylics, you will have the opportunity to use your existing supplies and a supply list will be provided upon registration. Come enjoy Painting in the Vineyard! Age: 18Y and up
