## Creating a Landscape

Join us for this memorable experience by capturing the land in an intimate landscape painting that you create. Meet us at a selected outdoor location rich with history and presence, in the Okanagan Valley. While creating your own landscape interpretation with just enough guidance, you will be transported back in time amongst the virgin forests, pristine lakes and towering mountains of a land full of promise. You will capture the effects of sunlight and depth and by observing a painting demonstration, will be able to create your own artwork. Use a medium of your choice, soft pastels, watercolour or acrylics. A supply list will be on your receipt for you to bring your own supplies to the class, including your own chair and easel.
